

God I Need You *by Larry Gallas and Jordan Gallas*

Like the morning needs the sunrise
Like the desert needs the rain
Like the ocean needs the rivers
God I need You

Take my life, I lay it down
At Your feet, I cast my crown
Surrendered to the humble King
I gladly bow on bended knee

Like the flowers need the sunlight
Like the fire needs the flame
Like the mountains need the snowfall
God I need You

I'm only Yours, my Lord
I'm coming to surrender
My whole life is in Your hands
